

Diabetes / Glucose Panel Report - Prediabetic Range Test

Patient: Test Patient Date: 2026-08-23

Test Name	Result	Unit	Prediabetic Range
Fasting Glucose	112	mg/dL	100 - 125 mg/dL
Average Glucose	135	mg/dL	121 - 150 mg/dL
Plasma Glucose	170	mg/dL	140 - 199 mg/dL
HbA1c	6.1	%	5.7 - 6.5 %

All four values are deliberately chosen to fall within the Prediabetic band (none Normal, none Diabetic), to confirm the API correctly returns 'Prediabetic' as a distinct outcome, separate from Normal and Diabetic.
